**Subject: Invitation to 6<sup>th</sup> National Conference on Tobacco or Health (NCTOH)**

Dear Madam,

Greetings from the International Institute of Health Management Research (IIHMR)!

IIHMR Delhi will be organizing the 6th National Conference on Tobacco or Health from 16<sup>th</sup> – 18<sup>th</sup> February 2024 at India Habitat Centre. The theme for the conference is ***“Towards Tobacco- Free India – An Audacious Race Against Time”***.

Tobacco control is one of the important agendas for World Health Organisation FCTC considering its impact on the societal health, economics and sustainable development. It is our privilege to partner with Salaam Bombay, Tata Memorial Hospital Mumbai, Post Graduate Institute Chandigarh, The Union (International Union against Tuberculosis and Lung Disease for the conference. The partnership under discussion includes Min of Health & Family Welfare, World Health Organisation, UNICEF and other esteemed organisations.

The scientific agenda for the conference has been finalised with esteemed experts including Dr. L. Swasticharan, Additional Deputy Director General & Director of the Directorate General of Health Services, Dr. Sonu Goel, a Professor at PGI Chandigarh, and Dr. Sitanshu Kar, a Professor at JIPMER. The agenda is focussed on policy makers, academicians & researchers, innovators, digital solutions, multidisciplinary stakeholders and students.

We are writing to extend a cordial invitation to the Ministry of Education to be a partner in the conference. We believe that multidimensional perspective and expertise will be a valuable addition to our conference. Enclosed, you will find the conference brochure for your reference.

We look forward to your favourable reply.

  
 We look forward to your favourable response.

## Sub: Spreading Awareness Regarding Alcoholism among Students

Respected Sir,

We members of Golden footwork inter-group public information committee of Alcoholics Anonymous – an International Non-Profitable Society would welcome the opportunity to provide information about our recovery from alcoholism through a specific programme of the twelve steps.

Alcoholics Anonymous (AA) is a world wide fellowship of more than four million men and women all over the world who help each other to maintain sobriety and who offer to share their recovery experience with others. The only requirement for membership is a desire to stop drinking. There are no dues or fees for AA Membership. We are self supporting through our own contribution. We wish to make people aware of this cunning baffling powerful incurable progressive killer disease ALCOHOLISM.

- Sir, alcoholism is serious issue in India. In Alcoholics Anonymous (AA) we have been helping active alcoholics **FREE OF COST** for the past 67 years in India. The count of the middle-aged and the **YOUTH** getting trapped in the web of alcoholism is increasing rapidly.
- Kindly allow the AA fellowship to conduct Public information Awareness meetings for 15 minutes during assembly time. We would share information about the family disease of alcoholism. Furthermore, we would share about the dangerous consequences of consuming alcohol. This would educate students and teachers about this killer disease about its grave effects on the brain of students and how to recover from them and protect the future of many students. We would also like to distribute pamphlets and addresses of Alcoholics Anonymous meetings so that the young generation stays away from it. We provide newcomer with a separate sponsor who helps the habitual drinker to remain sober in the long term. There are 3000 AA Groups working in India that have 40000 Sober Members who are always ready to help students who have become dependent on Alcohol.

We request you to allow us to conduct Alcoholics Anonymous (AA) meetings in government school premises all over India, timing- 7:00 p.m. to 8:30 p.m. and in addition allow us to fix AA message boards with helpline numbers in school premises.

- We mostly AA members had become habitual drinkers since the age of 16, starting from our 11th standard. This unhealthy habit took a toll on us physically, financially, emotionally, and in our relationships. Despite various attempts, neither medicine nor our family's efforts were able to help us overcome this addiction. It was only through the grace of God at the age of 30 that we learned about Alcoholics Anonymous meetings, and from the very first day of attending, we have been able to maintain our sobriety. This transformation has brought happiness back into our lives and our family's lives.
- Our primary goal now is to stay sober and extend a helping hand to other alcoholics seeking sobriety, without any cost involved. We understand the pain that families of alcoholics go through and are committed to helping them.
- We are conducting public information and awareness meetings in hospitals, cluster areas, colonies, schools, police stations, colleges, bus depot, railway hospitals, rehabilitation centre etc.

Any early positive action in this matter would be highly appreciated.

With warm regards

Yours sincerely

Kamal Kant Jain

CLIC Chairman
